

PRESS RELEASE

2020-05-29

## JonDeTech presents at Redeye Growth Day 2020 June 2

**On Tuesday, June 2, JonDeTech's CEO Per Lindeberg will present the company at Redeye Growth Day at 12:10 CET. The presentation will have a strong focus on the collaboration with OFILM and the recently announced development project on measuring body temperature with a mobile phone.**

The event takes place digitally, and the presentation is broadcast live and can be followed at <https://www.redeye.se/live/growth-day-2020>.

Where it will also be available afterward.

The presentation will subsequently also be available on both JonDeTech's website and the company site at Redeye:

### **About JonDeTech**

JonDeTech is a Swedish company that develops, and markets patented IR sensor technology based on nanotechnology. The company's IR sensors are down to one-tenth as thick as conventional sensors, built in plastic and can be manufactured in high volumes at a low cost, which opens for a variety of applications in, among other things, consumer electronics and mobile phones. The company was founded in 2008 and is listed on Nasdaq First North Growth Market. Redeye is the company's Certified Adviser, +46-8-121 576 90, [certifiedadviser@redeye.se](mailto:certifiedadviser@redeye.se), <https://www.redeye.se>. Read more at [www.jondetech.se](http://www.jondetech.se) or see how the IR sensor works at [www.youtube.com/watch?v=2vEc3dRsDq8](https://www.youtube.com/watch?v=2vEc3dRsDq8).
