

Meltron reinforces its management team

Meltron continues to reinforce its management team to support the expansion and growth of sales as outlined in connection with the share issue in October.

Mikko Sola joins Meltron as part time CFO from 1 December. Mikko has a long background in corporate and investment banking with SEB in Finland where he led a group of some 40 professionals. He has also worked as a management consultant.

Guillermo Ibanez joins Meltron in January 2021 as head of product management and sales support, filling the important role of technical support to the sales team in customer dialogues. Guillermo has an engineering background and is currently project engineer at MariMills Oy. Guillermo is well familiar with Meltron's technologies and products.

- We are delighted to welcome Mikko and Guillermo on the team at this important time in Meltron's development, says Ville Sistonen, CEO of Meltron. Following the recent breakthrough order from a global pharmaceutical company, we have an increased interest and many important dialogues going on with customers.

Mikko and Guillermo, who are based in Helsinki, will both report to the CEO and be part of the management team, also consisting of the marketing and sales director Christian Jonsson and Ville Sistonen.

About Meltron – "More than Just Light"

Meltron AB designs, manufactures and sells LED lighting solutions which are based on interdisciplinary application of electronics, optics, thermodynamics and nano-structures. "More Than Just Light" translates into energy savings, superior light quality, product life-time savings, increased productivity, safety and wellbeing. Meltron provides high quality solutions for the most demanding environments in infrastructure, industry, logistics and agriculture.
