

Arcane announces successful migration of bitcoin mining operations to Northern Norway.

Stockholm, 27 June 2022

As communicated on June 13th, Arcane has entered into a hosting agreement with Exanorth, a subsidiary of Bitzero Blockchain Inc, to access lower electricity prices in Northern Norway.

Mining operations resumed on June 24th, following the successful transfer of 2MW of mining equipment to the new location.

About Arcane Crypto

Arcane Crypto develops the infrastructure and products that enable worldwide adoption of bitcoin and digital assets. Arcane is building a platform for users to learn, trade and invest in digital assets, all from one account. Our market leading research content educates our users and builds trust. Arcane achieves scale by providing a platform with open APIs, allowing third parties to develop their own products using our technology and then distribute their product to our users.
