The nomination committee has found no reason to present any proposal for the amendment of the principles for the appointment of and instructions concerning a nomination committee, adopted at the annual general meeting held 23 May 2019. The principles are available at the Company's website.

Item 1. Election of chairman of the meeting

Item 10: Determination of the number of members of the board of directors and the number of auditors and, where applicable, deputy auditors

The nomination committee proposes that the board of directors shall consist of six (6) members without deputy members and that the Company shall have one (1) registered auditor.

The nomination committee proposes re-election of Rolf Hallencreutz, Per Aniansson, Per Danielsson, Will Whitehorn and Anita Bernie and new-election of Dino Lorenzini as ordinary board members until the end of the next annual general meeting. Information about the proposed members of the board will be available at the Company's website www.aac-clyde.space.

The auditing company Öhrlings PricewaterhouseCoopers AB is proposed to be re-elected as auditor, which is in accordance with the board's recommendation.

Item 17: Resolution on directed issue of warrants (long term incentive program ("LTIP C")) to the Company for transfer to members of the board of directors within the incentive program

The nomination committee in AAC Clyde Space AB (publ), reg. no. 556677-0599 (the "**Company**", and together with subsidiaries the "**Group**"), proposes that the annual general meeting resolves to implement a long term incentive program ("**LTIP**") by an issue of warrants including approval of transfer of warrants on the terms and conditions set out below ("**Long Term Incentive Program 2023/2026:C**"). The warrants shall entail the right to subscribe for new shares in the Company. The warrants also apply to the terms and conditions, including the subscription price and the period within which the warrants may be exercised, as set out in [Appendix A](#).

Background

This proposal on implementation of a LTIP and the issue of warrants has been presented as the nomination committee, consisting of Dino Lorenzini, John Wardlaw, Mathias Dittrich and Rolf Hallencreutz (Rolf Hallencreutz, convenor in the nomination committee and the chairman of the board of directors and Dino Lorenzini did not participate in the decision to present this LTIP) considers it important and in the interests of all shareholders to facilitate participation for members of the board of directors regarding the Company's and the Group's development and ensure that these individuals share the goal of generating value-adding growth. It is also important to justify continued employment and assignments. The nomination committee therefore proposes that the annual general meeting decide on the issue of warrants as follows below.

Terms for the issue

1. The Company shall issue not more than 275,975 warrants. Each warrant entitle the holder to subscribe for one (1) share in the Company, each with a quotient value of SEK 0.04, and upon

full exercise of the warrants the Company's share capital may thus increase by SEK 11,039 (provided that no re-calculation has been made at the time of exercise of the warrants which may affect the increase in share capital as a result of the proposed terms for the warrants).

2. The warrants may, with deviation from the shareholders' preferential rights, only be subscribed for by the Company, after which the Company shall transfer the warrants to members of the board of directors in the Company (the "**Participants**").
3. The Company's subscription of the warrants shall be made on a special subscription list within thirty (30) calendar days from the date of the general meeting that resolves on the issue.
4. The warrants are issued without consideration (i.e. free of charge) to the Company. The warrants are transferred to the Participants without consideration.
5. The warrants may be exercised for subscription of new shares during the period from and including 1 July 2026 until and including 31 December 2026. The vesting period is thus not shorter than three (3) years. The warrants may not be exercised for subscription of new shares during the so called "closed periods" according to the EUs Market Abuse Regulation, or otherwise in violation with applicable rules regarding insider information (including the Company's own guidelines in this regard). Any warrants that have not been exercised for subscription of shares as of 31 December 2026 will expire.
6. Each warrant shall entitle the warrant holder to subscribe for one new share in the Company at a subscription price per share amounting to the volume-weighted average price for the Company's shares on First North Growth Market during the five trading days that occur most recently before 12 June 2023. The subscription price must not be less than the share's quota value, and not less than the fair market value of the stock at the time warrants are first transferred to any of the Participants. Any amount that exceeds the quotient value shall be transferred to the nonrestricted share premium account.
7. The new shares entitle the holder to a dividend as from the record date closest after the new shares have been registered in a securities account.
8. The warrants shall be transferred to the Participants in accordance with the guidelines stated below.
9. For the warrants certain conditions shall apply, amongst other things customary re-calculation terms, as set out in the nomination committee's complete proposal.

Guidelines for the Company's transfer of warrants

The warrants shall be offered for the acquisition to the persons included in the table below with the stated maximum allocation:

Category	Maximum number of warrants per Participant
Chairman of the board of directors	58,100 (1 person)
Member of the board of directors	43,575 (5 persons*)

* Refers to proposed members of the board (excluding the Chairman) to be elected at the 2023 annual general meeting.

Only those persons who are included in the said categories shall be offered the right to acquire warrants. The nomination committee shall decide which persons that shall be deemed to be included in each category and which persons that shall receive warrants. In the event of re-calculation, the Participants in each category shall have the right to acquire the same number of warrants.

Allocation of warrants to Participants outside Sweden shall - where applicable - be dependent on fiscal

effects, that there are no legal obstacles and that the board considers that such allocation can be made with reasonable administrative and financial resources.

The participants in the Long term Incentive Program 2023/2026:C shall receive from the Company a compensation corresponding to the benefit value arising from the grant of the option, if any.

Participants may exercise their warrants through a so called “cashless-exercise”, whereby a lower number of shares can be subscribed for at a strike price corresponding to the share’s quota value.

Reasons for the deviation from the shareholders’ preferential rights

The reason for the deviation from the shareholders' preferential rights is to create involvement for the Participants in terms of the Company’s and the Group’s development and to ensure that these individuals share the goal of generating value-adding growth, and to motivate continued employment and assignments. The warrants are proposed to be issued to the Company for transfer to Participants in the LTIP.

Dilution, costs etc.

The Company has a total share capital of SEK 8,192,440.40 divided into 204,811,010 shares. Each share entitles to one vote in the Company.

There are 10,242,000 warrants are outstanding under six (6) Long Term Incentive Programs for employees, senior management and the board of directors of the Group, of which the first program comprises of 928,000 warrants (“2020/2023:A”), the second program comprises of 2,912,000 warrants (“2020/2023:B”), the third program comprises of 192,000 warrants (“2020/2023:C”), the fourth program comprises of 1,620,000 warrants (“2022/2025:A”), the fifth program comprises of 4,200,000 warrants (“2022/2025:B”) and the sixth program comprises of 390,000 warrants (“2022/2025:C”) Each warrant under the respective program entitles to subscribe for one new share in the Company. The exercise price of the warrants in the incentive programs 2020/2023:A, 2020/2023:B and 2020/2023:C corresponds to 100 per cent of the volume weighted average last closing price for the Company’s share on Nasdaq First North Growth Market during the period of the five trading days immediately preceding the date of the annual general meeting on 2 June 2020, and the exercise price of the warrants in the incentive programs 2022/2025:A, 2022/2025:B and 2022/2025:C corresponds to 100 per cent of the volume weighted average last closing price for the Company’s shares on Nasdaq First North Growth Market during the period of the last five trading days immediately preceding the date of the annual general meeting on 19 May 2022. The warrants in the incentive programs 2020/2023:A, 2020/2023:B and 2020/2023:C may be exercised from and including 1 July 2023 until and including 31 December 2023. The warrants in the incentive programs 2020/2023:A, 2020/2023:B and 2020/2023:C not exercised at latest on 31 December 2023 will lapse. The warrants in the incentive programs 2022/2025:A, 2022/2025:B and 2022/2025:C may be exercised from and including 1 July 2025 until and including 31 December 2025. The warrants in the incentive programs 2022/2025:A, 2022/2025:B and 2022/2025:C not exercised at latest on 31 December 2025 will lapse.

When fully exercised the warrants under this proposal will lead to 275,975 new shares being issued in the Company (with reservation for potential re-calculations in accordance with customary terms for the warrants), resulting in a dilution of approximately 0.13 per cent as far as the Company's share capital and voting rights/number of shares are concerned. The dilution effect has been calculated as the number of additional shares respectively votes at full exercise in relation to the sum of the current number of shares respectively votes, and the number of additional shares respectively votes at full exercise.

Upon full exercise of the warrants under this proposed LTIP for members of the board of directors and full exercise of the warrants under the board of directors’ proposed incentive programs for employees in Sweden and employees outside of Sweden (all three incentive programs to be treated at the annual general meeting held on 25 May 2023) a total of 4,096,050 new shares will be issued in the Company,

resulting in a dilution of approximately 1.96 per cent (of which approximately 0.13 per cent refers to the incentive program for members of the board, approximately 0.59 per cent refers to the incentive program for employees in Sweden and approximately 1.26 per cent refers to the incentive program for employees outside of Sweden) as far as the Company's share capital is concerned, as well as the total share/voting rights. The dilution effect has been calculated as the number of additional shares respectively votes at full exercise in all three incentive programs in relation to the sum of the current number of shares respectively votes, and the number of additional shares respectively votes at full exercise in all three incentive programs.

The warrants have been valued by an independent expert on behalf of the Company through the Black & Scholes formula. Since the strike price for shares due to utilization of the warrants cannot be determined until 9 June 2023, a fictitious strike price of SEK 1.35 has been used in the calculations. Each warrant has been valued at SEK 0.49 each.

Due to the fact that the warrants will be transferred without consideration special social security fees are expected to arise for the Group. These fees will preliminarily amount to approximately 31.42 per cent of the warrants market value at the time of the transfer of the warrants. Meaning that, based on a preliminary valuation of each warrant amounting to SEK 0.49, total social security costs for the Company within the framework of the incentive program amounts to SEK 22,362.40, provided that all warrants are transferred to the Participants. The calculations of social security fees within this LTIP have been based on that social security fees will only be paid for three of the board members (including the chairman) which includes 145,250 warrants. It should also be noted that applicable tax procedures in different jurisdictions could be altered. Participants in the Long Term Incentive Program 2023/2026:C shall also receive from the Company a cash payment equal to the benefit value arising from the grant of the option, if any.

Other external costs that arise as a result of the LTIP are mainly costs for advice and for registration and practical management of the program. Ongoing costs for administration and other costs are marginal.

The LTIP is expected to have a limited effect on the Company's key performance indicators.

Restrictions regarding disposal and exercise of the warrants

The Participants will not be able to exercise the warrants unless they have previously been offered to the Company and subsequently transferred to the Participants. Furthermore, the Participants will only be able to subscribe for shares with the support of the warrants after special agreed vesting periods. Such restrictions will be agreed upon, in separate warrant agreements, with the respective Participant in connection with their acquisition of warrants from the Company. According to the warrant agreements the total amount of warrants that are allotted to each Participant shall be vested in three equal parts as of the date of each annual general meeting in the Company from 2024 to 2026 (i.e. approximately 33 per cent of the total number of warrants will be vested each year) and conditional on continued employment/assignments in the Group. For example a person that was a member of the board of directors at the previous annual general meeting that is still a member of the board of directors at the date of the annual general meeting of 2024 (not necessarily re-elected at the annual general meeting of 2024) will be allowed to keep his/hers warrants that has been vested during 2023/2024 (i.e. approximately 33 per cent of his/hers maximum allotment) and correspondently a person that is still a member of the board of directors at the date of the annual general meeting of 2025 will be allowed to keep his/hers vested warrants for 2023/2024 and 2024/2025 (i.e. approximately 66 per cent of his/hers maximum allotment), with reservation for the terms regarding pre-mature termination of service (so called good and bad leaver terms) and other customary terms for warrant agreements.

Preparation of the proposal

The proposed LTIP has been prepared by the nomination committee in consultation with external advisors and after consultations with certain major shareholders. The final proposal has been submitted by the nomination committee (excluding Rolf Hallencreutz and Dino Lorenzini).

Miscellaneous

It is proposed that the annual general meeting resolve to adopt the LTIP described above and decide on the issue of warrants on the above terms including approval of the Company's transfer of warrants to the Participants.

The CEO, or a person appointed by the CEO, shall have the right to make the minor adjustments required to register the resolution, and the CEO shall have the right to make the minor adjustments required in the LTIP in order to be conformal with applicable foreign laws and regulations.

Majority requirements

This proposal to adopt the incentive programme and to issue warrants, as well as the approval of the transfers of warrants from the Company to the Participants, is governed by the provisions in Chapter 16 of the Swedish Companies Act (Sw. Aktiebolagslagen (2005:551)), and a valid resolution therefore requires that the proposal is supported by shareholders representing at least nine-tenths (9/10) of the votes cast as well as of all shares represented at the meeting.

The board of directors of the Company has presented the following proposed resolutions in relation to item 8 and 13-16 in the proposed agenda.

Item 8. Resolution in respect of allocation of the company's loss according to the adopted balance sheet

The board of directors proposes that the Company's loss shall be carried forward in new account and that no dividend shall be paid for the financial year 2022.

Item 13. Resolution on adoption of new articles of association

The board of directors proposes that the annual general meeting resolves to adopt new articles of association whereby the limits in the articles of association with respect to share capital and number of shares in §§ 4 and 5 are changed. § 4 is proposed to be changed from "The company's share capital shall be not less than SEK 3,600,000 and not more than SEK 14,400,000" to "The company's share capital shall be not less than SEK 8,000,000 and not more than SEK 32,000,000". § 5 is proposed to be changed from "The number of shares in the company shall be no less than 90,000,000 and no more than 360,000,000" to "The number of shares in the company shall be no less than 200,000,000 and no more than 800,000,000".

Item 14. Resolution on an authorization for the board of directors to increase the share capital

The board of directors proposes that the general meeting resolves on an authorization for the board of directors to – for the period up to the next annual general meeting and at one or more occasions – resolve upon issuance of new shares, warrants and/or convertible debentures. Payment may be made in cash, in kind, through set-off of claims or otherwise be conditional. The Company's share capital may by support of the authorization be increased by an amount corresponding to 20 per cent of the share capital and number of shares in the Company as of on the date the board of directors make use of the authorization. Deviation from the shareholders' preferential rights shall be allowed in situations where a

directed issue is deemed more appropriate for the Company due to timing, commercial or similar reasons, and in order to enable acquisitions. The chairman of the board of directors, the managing director, or anyone authorized by the board of directors, shall have the right to make any minor adjustments required in order to register this resolution.

For a valid decision on the proposal on an authorization for the board of directors, as outlined above, requires that the proposal is supported by shareholders representing at least two-thirds (2/3) of the votes cast and the shares represented at the meeting.

Item 15: Resolution on directed issue of warrants (long term incentive program ("LTIP A")) to the Company for transfer to employees employed in Sweden within the incentive program

The board of directors in AAC Clyde Space AB (publ), reg. no. 556677-0599 (the "**Company**", and together with subsidiaries the "**Group**"), proposes that the annual general meeting resolves to implement a long term incentive program ("**LTIP**") by an issue of warrants including approval of transfer of warrants on the terms and conditions set out below ("**Long term incentive program 2023/2026:A**"). The warrants shall entail the right to subscribe for new shares in the Company. The warrants also apply to the terms and conditions, including the subscription price and the period within which the warrants may be exercised, as set out in [Appendix A](#).

Background

This proposal on implementation of a LTIP and the issue of warrants has been presented as the board of directors considers it important and in the interests of all shareholders to facilitate participation for employees, including consultants, regarding the Company's and the Group's development and ensure that these individuals share the goal of generating value-adding growth. It is also important to justify continued employment and assignments. The board therefore proposes that the annual general meeting decide on the issue of warrants as follows below.

Terms for the issue

1. The Company shall issue not more than 1,205,575 warrants. Each warrant entitle the holder to subscribe for one (1) share in the Company, each with a quotient value of SEK 0.04, and upon full exercise of the warrants the Company's share capital may thus increase by SEK 48,223 (provided that no re-calculation has been made at the time of exercise of the warrants which may affect the increase in share capital as a result of the proposed terms for the warrants).
2. The warrants may, with deviation from the shareholders' preferential rights, only be subscribed for by the Company, after which the Company shall transfer the warrants to employees employed in Sweden (including consultants) in the Group (the "**Participants**").
3. The Company's subscription of the warrants shall be made on a special subscription list within five (5) calendar days from the date of the general meeting that resolves on the issue. The Board shall have the right to extend the subscription period.
4. The warrants are issued without consideration (i.e. free of charge) to the Company. The warrants are transferred to the Participants without consideration.
5. The warrants may be exercised for subscription of new shares during the period from and including 1 July 2026 until and including 31 December 2026. The vesting period is thus not shorter than three (3) years. The warrants may not be exercised for subscription of new shares during the so called "closed periods" according to the EUs Market Abuse Regulation, or otherwise in violation with applicable rules regarding insider information (including the Company's own guidelines in this regard). Any warrants that have not been exercised for subscription of shares as of 31 December 2026 will expire.
6. Each warrant shall entitle the warrant holder to subscribe for one new share in the Company at a subscription price per share amounting to the volume-weighted average price for the

Company's shares on First North Growth Market during the five trading days that occur most recently before 12 June 2023. The subscription price must not be less than the share's quota value, and not less than the fair market value of the stock at the time warrants are first transferred to any of the Participants. Any amount that exceeds the quotient value shall be transferred to the nonrestricted share premium account.

7. The new shares entitle the holder to a dividend as from the record date closest after the new shares have been registered in a securities account.
8. The warrants shall be transferred to the Participants in accordance with instructions issued by the board of directors in accordance with the guidelines stated below.
9. For the warrants certain conditions shall apply, amongst other things customary re-calculation terms, as set out in the board's complete proposal.

Guidelines for the Company's transfer of warrants

The warrants shall be offered for the acquisition to the persons included in the table below with the stated maximum allocation:

Category	Maximum number of warrants per Participant
Executive Management	58,100
Site Directors	43,575
Senior Staff	29,050
General Staff	14,525

Only those persons who are included in the said categories shall be offered the right to acquire warrants. The board of directors shall decide which persons that shall be deemed to be included in each category and which persons that shall receive warrants. In the event of re-calculation, the Participants in each category shall have the right to acquire the same number of warrants. Members of the board of directors in the Company are not allowed to participate.

Allocation of warrants to Participants outside Sweden shall - where applicable - be dependent on fiscal effects, that there are no legal obstacles and that the board considers that such allocation can be made with reasonable administrative and financial resources.

The participants in the Long Term Incentive Program 2023/2026:A shall receive from the Company a compensation corresponding to the benefit value arising from the grant of the option, if any.

The Company may allow the Participant in the LTIP to exercise their warrants through a cashless exercise that the Company deems fitting, including but not limited to loan-financed exercise of the warrants or subscription of a lower number of shares without cash consideration.

Reasons for the deviation from the shareholders' preferential rights

The reason for the deviation from the shareholders' preferential rights is to create involvement for the Participants in terms of the Company's and the Group's development and to ensure that these individuals share the goal of generating value-adding growth, and to motivate continued employment and assignments. The warrants are proposed to be issued to the Company for transfer to Participants in the LTIP.

Dilution, costs etc.

The Company has a total share capital of SEK 8,192,440.40 divided into 204,811,010 shares. Each share entitles to one vote in the Company.

When fully exercised the warrants under this proposal will lead to 1,205,575 new shares being issued in the Company (with reservation for potential re-calculations in accordance with customary terms for the warrants), resulting in a dilution of approximately 0.59 per cent as far as the Company's share capital and voting rights/number of shares are concerned. The dilution effect has been calculated as the number of additional shares respectively votes at full exercise in relation to the sum of the current number of shares respectively votes, and the number of additional shares respectively votes at full exercise.

Upon full exercise of the warrants under this proposed LTIP for employees in Sweden and full exercise of the warrants under the board of directors’ and the nomination committee’s proposed incentive programs for employees outside of Sweden and members of the board (all three incentive programs to be treated at the annual general meeting held on 25 May 2023) a total of 4,096,050 new shares will be issued in the Company, resulting in a dilution of approximately 1.96 per cent (of which approximately 0.13 per cent refers to the incentive program for members of the board, approximately 0.59 per cent refers to the incentive program for employees in Sweden and approximately 1.26 per cent refers to the incentive program for employees outside of Sweden) as far as the Company’s share capital is concerned, as well as the total share/voting rights. The dilution effect has been calculated as the number of additional shares respectively votes at full exercise in all three incentive programs in relation to the sum of the current number of shares respectively votes, and the number of additional shares respectively votes at full exercise in all three incentive programs.

The warrants have been valued by an independent expert on behalf of the Company through the Black & Scholes formula. Since the strike price for shares due to utilization of the warrants cannot be determined until 9 June 2023 a fictitious strike price of SEK 1.35 has been used in the calculations. Each warrant has been valued at SEK 0.49 each.

Due to the fact that the warrants will be transferred without consideration special social security fees are expected to arise for the Group. These fees will preliminarily amount to approximately 31.42 per cent of the warrants market value at the time of the transfer of the warrants. Meaning that, based on a

preliminary valuation of each warrant amounting to SEK 0.49, total social security costs for the Company within the framework of the incentive program amounts to SEK 185,607.92, provided that all warrants are transferred to the Participants. It should also be noted that applicable tax procedures in different jurisdictions could be altered. Participants in the Long Term Incentive Program 2023/2026:A shall also receive from the Company a cash payment equal to the benefit value arising from the grant of the option, if any.

Other external costs that arise as a result of the LTIP are mainly costs for advice and for registration and practical management of the program. Ongoing costs for administration and other costs are marginal.

The LTIP is expected to have a limited effect on the Company's key performance indicators.

Restrictions regarding disposal and exercise of the warrants

The Participants will not be able to exercise the warrants unless they have previously been offered to the Company and subsequently transferred to the Participants. Furthermore, the Participants will only be able to subscribe for shares with the support of the warrants after special agreed vesting periods. Such restrictions will be agreed upon, in separate warrant agreements, with the respective Participant in connection with their acquisition of warrants from the Company. According to the warrant agreements the total amount of warrants that are allotted to each Participant shall be vested in three equal parts as of 1 June from 2024 to 2026 (i.e. approximately 33 per cent of the total number of warrants will be vested each year) and conditional on continued employment/assignments in the Group, with reservation for the terms in the separate warrant agreement that shall be entered into between each Participant and the Company. For example a person that was employed or hired as consultant as of the previous 1 June that is still employed or hired as consultant as of 1 June 2024 shall be allowed to keep his/hers warrants that has been vested during 2023/2024 (i.e. approximately 33 per cent of his/hers maximum allotment) and correspondently a person that is still employed or hired as consultant as of 1 June 2025 will be allowed to keep his/hers vested warrants for 2023/2024 and 2024/2025 (i.e. approximately 66 per cent of his/hers maximum allotment), with reservation for the terms regarding pre-mature termination of service (so called good and bad leaver terms) and other customary terms for warrant agreements.

Preparation of the proposal

The proposed LTIP has been prepared by the board of directors in consultation with external advisors and after consultations with certain major shareholders. The final proposal has been submitted by the board of directors.

Miscellaneous

It is proposed that the annual general meeting resolve to adopt the LTIP described above and decide on the issue of warrants on the above terms including approval of the Company's transfer of warrants to the Participants.

The Board of Directors, or a person appointed by the board of directors, shall have the right to make the minor adjustments required to register the resolution, and the board of directors shall have the right to make the minor adjustments required in the LTIP in order to be conformal with applicable foreign laws and regulations.

Majority requirements

This proposal to adopt the incentive programme and to issue warrants, as well as the approval of the transfers of warrants from the Company to the Participants, is governed by the provisions in Chapter 16 of the Swedish Companies Act (Sw. Aktiebolagslagen (2005:551)), and a valid resolution therefore requires that the proposal is supported by shareholders representing at least nine-tenths (9/10) of the votes cast as well as of all shares represented at the meeting.

Item 16: Resolution on directed issue of warrants (long term incentive program ("LTIP B")) to the Company for transfer to employees employed outside of Sweden within the incentive program

The board of directors in AAC Clyde Space AB (publ), reg. no. 556677-0599 (the "**Company**"), and together with subsidiaries the "**Group**"), proposes that the annual general meeting resolves to implement a long term incentive program ("**LTIP**") by an issue of warrants including approval of transfer of warrants on the terms and conditions set out below ("**Long term incentive program 2023/2026:B**"). The warrants shall entail the right to subscribe for new shares in the Company. The warrants also apply to the terms and conditions, including the subscription price and the period within which the warrants may be exercised, as set out in Appendix A.

Background

This proposal on implementation of a LTIP and the issue of warrants has been presented as the board of directors considers it important and in the interests of all shareholders to facilitate participation for employees, including consultants, regarding the Company's and the Group's development and ensure that these individuals share the goal of generating value-adding growth. It is also important to justify continued employment and assignments. The board therefore proposes that the annual general meeting decide on the issue of warrants as follows below.

Terms for the issue

1. The Company shall issue not more than 2,614,500 warrants. Each warrant entitle the holder to subscribe for one (1) share in the Company, each with a quotient value of SEK 0.04, and upon full exercise of the warrants the Company's share capital may thus increase by SEK 104,580 (provided that no re-calculation has been made at the time of exercise of the warrants which may affect the increase in share capital as a result of the proposed terms for the warrants).
2. The warrants may, with deviation from the shareholders' preferential rights, only be subscribed for by the Company, after which the Company shall transfer the warrants to employees employed outside of Sweden (including consultants) in the Group (the "**Participants**").
3. The Company's subscription of the warrants shall be made on a special subscription list within five (5) calendar days from the date of the general meeting that resolves on the issue. The Board shall have the right to extend the subscription period.
4. The warrants are issued without consideration (i.e. free of charge) to the Company. The warrants are transferred to the Participants without consideration.
5. The warrants may be exercised for subscription of new shares during the period from and including 1 July 2026 until and including 31 December 2026. The vesting period is thus not shorter than three (3) years. The warrants may not be exercised for subscription of new shares during the so called "closed periods" according to the EUs Market Abuse Regulation, or otherwise in violation with applicable rules regarding insider information (including the Company's own guidelines in this regard). Any warrants that have not been exercised for subscription of shares as of 31 December 2026 will expire.
6. Each warrant shall entitle the warrant holder to subscribe for one new share in the Company at a subscription price per share amounting to the volume-weighted average price for the Company's shares on First North Growth Market during the five trading days that occur most recently before 12 June 2023. The subscription price must not be less than the share's quota value, and not less than the fair market value of the stock at the time warrants are first transferred to any of the Participants. Any amount that exceeds the quotient value shall be transferred to the nonrestricted share premium account.

7. The new shares entitle the holder to a dividend as from the record date closest after the new shares have been registered in a securities account.
8. The warrants shall be transferred to the Participants in accordance with instructions issued by the board of directors in accordance with the guidelines stated below.
9. For the warrants certain conditions shall apply, amongst other things customary re-calculation terms, as set out in the board's complete proposal.

Guidelines for the Company's transfer of warrants

The warrants shall be offered for the acquisition to the persons included in the table below with the stated maximum allocation:

Category	Maximum number of warrants per Participant
CEO	72,625
Executive Management	58,100
Site Directors	43,575
Senior Staff	29,050
General Staff	14,525

Only those persons who are included in the said categories shall be offered the right to acquire warrants. The board of directors shall decide which persons that shall be deemed to be included in each category and which persons that shall receive warrants. In the event of re-calculation, the Participants in each category shall have the right to acquire the same number of warrants. Members of the board of directors are not allowed to participate.

Allocation of warrants to Participants outside Sweden shall - where applicable - be dependent on fiscal effects, that there are no legal obstacles and that the board considers that such allocation can be made with reasonable administrative and financial resources.

The participants in the Long term Incentive Program 2023/2026:B shall receive from the Company a compensation corresponding to the benefit value arising from the grant of the option, if any.

The Company may allow the Participant in the LTIP to exercise their warrants through a cashless exercise that the Company deems fitting, including but not limited to loan-financed exercise of the warrants or subscription of a lower number of shares without cash consideration.

Reasons for the deviation from the shareholders' preferential rights

The reason for the deviation from the shareholders' preferential rights is to create involvement for the Participants in terms of the Company's and the Group's development and to ensure that these individuals share the goal of generating value-adding growth, and to motivate continued employment and assignments. The warrants are proposed to be issued to the Company for transfer to Participants in the LTIP.

Dilution, costs etc.

The Company has a total share capital of SEK 8,192,440.40 divided into 204,811,010 shares. Each share entitles to one vote in the Company.

There are 10,242,000 warrants are outstanding under six (6) Long Term Incentive Programs for employees, senior management and the board of directors of the Group, of which the first program comprises of 928,000 warrants (“2020/2023:A”), the second program comprises of 2,912,000 warrants (“2020/2023:B”), the third program comprises of 192,000 warrants (“2020/2023:C”), the fourth program comprises of 1,620,000 warrants (“2022/2025:A”), the fifth program comprises of 4,200,000 warrants (“2022/2025:B”) and the sixth program comprises of 390,000 warrants (“2022/2025:C”) Each warrant under the respective program entitles to subscribe for one new share in the Company. The exercise price of the warrants in the incentive programs 2020/2023:A, 2020/2023:B and 2020/2023:C corresponds to 100 per cent of the volume weighted average last closing price for the Company’s share on Nasdaq First North Growth Market during the period of the five trading days immediately preceding the date of the annual general meeting on 2 June 2020, and the exercise price of the warrants in the incentive programs 2022/2025:A, 2022/2025:B and 2022/2025:C corresponds to 100 per cent of the volume weighted average last closing price for the Company’s shares on Nasdaq First North Growth Market during the period of the last five trading days immediately preceding the date of the annual general meeting on 19 May 2022. The warrants in the incentive programs 2020/2023:A, 2020/2023:B and 2020/2023:C may be exercised from and including 1 July 2023 until and including 31 December 2023. The warrants in the incentive programs 2020/2023:A, 2020/2023:B and 2020/2023:C not exercised at latest on 31 December 2023 will lapse. The warrants in the incentive programs 2022/2025:A, 2022/2025:B and 2022/2025:C may be exercised from and including 1 July 2025 until and including 31 December 2025. The warrants in the incentive programs 2022/2025:A, 2022/2025:B and 2022/2025:C not exercised at latest on 31 December 2025 will lapse.

When fully exercised the warrants under this proposal will lead to 2,614,500 new shares being issued in the Company (with reservation for potential re-calculations in accordance with customary terms for the warrants), resulting in a dilution of approximately 1.26 per cent as far as the Company's share capital and voting rights/number of shares are concerned. The dilution effect has been calculated as the number of additional shares respectively votes at full exercise in relation to the sum of the current number of shares respectively votes, and the number of additional shares respectively votes at full exercise.

Upon full exercise of the warrants under this proposed LTIP for employees outside of Sweden and full exercise of the warrants under the board of directors’ and the nomination committee’s proposed incentive programs for employees in Sweden and members of the board (all three incentive programs to be treated at the annual general meeting held on 25 May 2023) a total of 4,096,050 new shares will be issued in the Company, resulting in a dilution of approximately 1.96 per cent (of which approximately 0.13 per cent refers to the incentive program for members of the board, approximately 0.59 per cent refers to the incentive program for employees in Sweden and approximately 1.26 per cent refers to the incentive program for employees outside of Sweden) as far as the Company’s share capital is concerned, as well as the total share/voting rights. The dilution effect has been calculated as the number of additional shares respectively votes at full exercise in all three incentive programs in relation to the sum of the current number of shares respectively votes, and the number of additional shares respectively votes at full exercise in all three incentive programs.

The warrants have been valued by an independent expert on behalf of the Company through the Black & Scholes formula. Since the strike price for shares due to utilization of the warrants cannot be determined until 9 June 2023 a fictitious strike price of SEK 1.35 has been used in the calculations. Each warrant has been valued at SEK 0.49 each.

No special social security contributions and taxes are expected to be incurred by the Group upon the transfer of the warrants to the Participants. Upon vesting of the Warrants (see further under "restrictions regarding disposal and exercise of the warrants"), social security contributions may be payable. It should be noted that the applicable tax rules in different jurisdictions may differ and may change. Costs will also be incurred by the Resident Team as a result of the Company paying compensation equal to the benefit value received by the Participants as a result of participating in the Program. Participants in the Long Term

Incentive Program 2023/2026:B shall also receive from the Company a cash payment equal to the benefit value arising from the grant of the option, if any.

Other external costs that arise as a result of the LTIP are mainly costs for advice and for registration and practical management of the program. Ongoing costs for administration and other costs are marginal.

The LTIP is expected to have a limited effect on the Company's key performance indicators.

Restrictions regarding disposal and exercise of the warrants

The Participants will not be able to exercise the warrants unless they have previously been offered to the Company and subsequently transferred to the Participants. Furthermore, the Participants will only be able to subscribe for shares with the support of the warrants after special agreed vesting periods. Such restrictions will be agreed upon, in separate warrant agreements, with the respective Participant in connection with their acquisition of warrants from the Company. According to the warrant agreements the total amount of warrants that are allotted to each Participant shall be vested in three equal parts as of 1 June from 2024 to 2026 (i.e. approximately 33 per cent of the total number of warrants will be vested each year) and conditional on continued employment/assignments in the Group, with reservation for the terms in the separate warrant agreement that shall be entered into between each Participant and the Company. For example a person that was employed or hired as consultant as of the previous 1 June that is still employed or hired as consultant as of 1 June 2024 shall be allowed to keep his/hers warrants that has been vested during 2023/2024 (i.e. approximately 33 per cent of his/hers maximum allotment) and correspondently a person that is still employed or hired as consultant as of 1 June 2025 will be allowed to keep his/hers vested warrants for 2023/2024 and 2024/2025 (i.e. approximately 66 per cent of his/hers maximum allotment), with reservation for the terms regarding pre-mature termination of service (so called good and bad leaver terms) and other customary terms for warrant agreements.
